# SCARFES BAR

ROSEWOOD LONDON

## HEROES & VILLAINS

*Heroes & Villains turns its gaze not toward politics or public life, but inward, at the cocktail world itself, examining what the industry has canonised and what it has condemned. Our Heroes are names that changed history. Embodiments of flavours that are elegant, restrained, and revered. The unquestioned darlings of modern bartending. Pull the tab and their Villainous side is revealed. These flavours are intentionally nostalgic. Too much. Too loud. Too dated. Yet, when given purpose and context, they shine once more. Heroes & Villains is a satirical mirror held up to the cocktail industry. It invites guests to reconsider what they value and to rediscover the joy found in both perfection and imperfection. A cocktail either dies a hero, or lives long enough to see itself become the villain.*
