COCKTAILS

Tiepolo
Named after Giambattista Tiepolo, master of Venetian light and grandeur, this signature cocktail embodies the spirit of the Tiepolo Lounge itself, reflecting the luminous brilliance of the artist's breathtaking tryptic that welcomes guests into our lobby. Crafted with a bespoke gin made exclusively for our bar, the drink captures Tiepolo's ethereal vibrancy in a fresh, effortlessly elegant aperitivo. Just as Tiepolo's sweeping brushstrokes once conjured celestial visions on the ceilings of Palazzo Sandi, this cocktail distills a moment of theatrical beauty into every sip. A living tribute to a master whose art dances forever in light.

A... Dollar
An ode to Andy Warhol and his Dollar Series displayed in our Penthouse suite, A... Dollar channels the irreverent luxury of Pop Art through a cocktail crafted with a limited-edition Absolut Vodka honoring the artist himself. Infused with creamy, aromatic notes, it transforms Warhol's iconic symbol into a smooth indulgence, embodying his witty observation that in Rome, "the dollar is invisible yet everywhere." Bold yet playful, this drink captures the essence of Warhol's genius - turning the ordinary into the extraordinary, a liquid expression of glamour, irony, and modern myth.

Liquid Gold
Liquid Gold is a tribute to the most precious of materials, transformed into a sensory experience. Like a gold leaf capturing light and reflecting it in a thousand shades, this cocktail envelops the palate with warmth, depth, and refined brilliance. As with the gold in the Baroque masterpieces that adorn the Rome Cavalieri, it is never mere ornamentation, but a vibration of light. Its amber notes intertwine in a sumptuous yet measured balance: an intense, radiant sip in which luxury becomes essence.

La Venere
A celebration of eternal beauty inspired by Pietro Liberi's Venus with Amorini, La Venere captures the goddess's sensuality and grace in a glass, marrying the velvety sweetness of apricot with a luminous, effervescent texture. Like Venus herself, surrounded by cherubs and bathed in tender light, this cocktail enchants the senses with its balance, softness, and radiant allure - a tasting experience that embodies the purest form of femininity and transforms classical artistry into liquid poetry.

Emperor's Choice
Inspired by the Beauvais tapestry L'Histoire de l'Empereur de Chine in the Rome Cavalieri collection, Emperor's Choice transforms imperial grandeur into liquid form. Each element is interlaced like the intricate weaving of the tapestry, revealing depth, refinement, and subtle contrasts that echo the dialogue between East and West. The finish lingers with composed authority -- never excessive, always sovereign. More than a cocktail, it is a ritual of taste, where elegance is woven into every sip.

Il Vizio
Drawing inspiration from The Vice, the evocative painting displayed in La Pergola's Smoking Room, this cocktail transports the drinker into a dreamlike realm where art and nature intertwine. Light, botanical, and fragrant, it offers a delicate sensory voyage underscored by its distinctive garnish - a skeletal leaf symbolizing beauty reborn through sustainability. Each sip is a meditative journey through imagined gardens, a poetic reflection on elegance, nature, and mindful indulgence, whispering the secret language of art in bloom.

Giuditta 0%
Inspired by the mesmerizing contrasts in the painting of Judith - her golden complexion glowing against a shadowed backdrop - Giuditta 0% weaves together exotic, refined flavors that oscillate between darkness and light. Evocative of distant lands and whispered mysteries, this cocktail unfolds with a luxurious, layered complexity, each sip a journey through hidden realms of flavor. It is a tribute to Judith's enigmatic beauty, capturing in taste what the canvas captures in gaze: a timeless dance of allure and intrigue.

Vermeil 0%
Like vermeil -- silver clad in gold -- Vermeil 0% sparkles with its own light, reminiscent of some of the artworks at the Rome Cavalieri. Bright, golden, enveloping, yet essential. It is neither surface nor excess: a balance of matter and light, of vision and harmony. Each sip reveals tension and persistence, an invisible structure supporting the brilliance. A discreet luxury, revealed in choice, restraint, and sobriety.
