ARTISAN

SOFITEL MUMBAI BKC

FOOD MENU

An artisan is a skilled craft worker who makes or creates material objects partly or entirely by hand. These objects may be made in a traditional or non-mechanized way, using high-quality ingredients. They may be functional or strictly decorative, such as furniture, decorative art, or food items. The chefs at Artisan emphasize a connection to the crafting of handmade food products, such as bread, beverages, and more. We use local, artisanal, and seasonal ingredients where possible, and we adapt our food menu based on the availability of ingredients in season.
