SUVRETTA HOUSE GIN FLIGHT

Very British indeed!
Queen Mum did not want it without, James Bond prefers to enjoy it in a cocktail or like a quote from the US-American writer Bernard DeVoto: «The proper union of Gin and Vermouth is a great and sudden glory; it is one of the happiest marriages on earth and one of the shortest lived.»

SUVRETTA HOUSE SIGNATURE GINS

We created in collaboration with the Haldihof distillery in Weggis two Suvretta House signature gins for you.
The Lady's Gin is fruity, with its delicate blush-pink hu coming from the cornelian cherry. The Gentleman's Gin gained its freshness and delicate colour from the lime tree blossom. Kindly find detailed descriptions in our Gin menu!

Gin Flight recommended 33
2cl per glass including one bottle of Tonic Water (20cl) of your choice.

Alle Preise verstehen sich in CHF, inkl. 8.1% MwSt. All prices in CHF, including 8.1% VAT.

SUVRETTA HOUSE SIGNATURE GINS · CONTINUED

Suvretta House Gentleman's Gin
Switzerland | 45 vol%. This Gin, especially distilled for the Suvretta House, is produced near Lucerne. Most of the botanicals are harvested around the Rigi and it's neighbourhood. Nuances of juniper, cilantro and vermouth are just 3 of the total 21 botanicals making it a unique gin. The colour of the Suvretta House Gentleman's Gin comes from the lime tree blossom. Tonic Water: Fever-Tree Classic

Alkkemist
Spain | 40 vol%. The Alkkemist Premium Gin from Spain presents the Alicante distillery with an exquisite gin destillate. Its fantastic aroma is based on 21 botanicals among which the Muscat grape takes a special position. It is also to be mentioned that this exquisite Gin is only distilled at full moon, which should give it special flavors. In any case, it is a gin that attracts attention with its fine structure and full-bodied taste. Tonic Water: Fever-Tree Mediterranean
